SILENT LIGHTS

SILENT LIGHTS

Wreath

Give your visitors a warm welcome with this delightful wreath which clearly conveys the Christmas message: Love, Joy, Peace.

You can display as it comes, or add your own finishing touches!

The lights are LED and use a battery pack – so there is no need to get power outside!

Please note that our Wreath in this photograph has been embellished.

Celebrating Christmas 2007 and Hope for 2008

Since our launch in August 2006 we have received many encouragements and stories of how our products are being used. It is in direct response to customer suggestions and feedback that we are delighted to include in this, our second catalogue, a number of new lines – several of which do not require power outside!

The theme of celebration and the birth of Jesus continues to be central to our product range, with our LED letter lights conveying the Christmas message (page 5). Our door wreath (opposite) is battery operated and would make an excellent festive welcome for any front door or treasured Christmas gift to a friend or neighbour.

Outside lighting is growing in popularity, and while Christmas, is of course, the main season for decorating, several of our items can be used throughout the year. HOPE08, is a national initiative which we are pleased to support and offer organisations the opportunity to declare all year long their commitment in lights! (page 14). 20% of the sales of this light will be given to HOPE08.

Please keep the stories coming, and send us photographs of how you have displayed our products – we love to see where they end up!

Wishing you a very Happy Christmas this year,

Heather May

LED Letter Lights

NEW
PRODUCT

This is a really versatile range of lights, which can be used indoors, or outside*, to create a simple yet eye catching display which conveys the Christmas message.

The lights come with suction pads which fit easily to the inside of your windows. The lights could also be used to decorate a greenery garland, coming down the stairs, or above a fire place (see page 3).

LED's use less electricity so they're good for the environment and last longer too!

Outdoor Decorations

Our nativity sets are inspired by visits to Columbia where families have great fun decorating their homes and gardens at Christmas. We hope you do the same!

Here is the contemporary style, set up in the garden and lit using our spotlights (details on page 16).

We also think the indoor version would make a great alternative decoration for an entrance porch or foyer.

Nativity Sets

We think these sets are great for use in gardens, outside offices or schools or within entrance porches or foyers. We have made them available with either indoor or outdoor fixings - please choose the appropriate code when ordering.

The outdoor set have 5 wooden stakes which are put in the ground and figures attached by screws. The indoor sets come with cardboard supports.

These two dimensional nativity sets are made from a corrugated plastic which will withstand the British weather!

Our artist has created two styles of nativity sets of the five key characters from the Christmas story. Mary, Joseph, baby Jesus and, of course, a sheep and baby lamb!

Size: heights

Joseph: 120cm; Mary: 116cm; Crib:58cm
Sheep: 52cm; Lamb: 41cm

To gain maximum effect at night we recommend the use of our set of 3 low voltage spotlights (see page 16).
